Amarna Sunset: Nefertiti, Tutankhamun, Ay, Horemheb, and the Egyptian Counter-Reformation (Revised Edition) by Aidan Dodson This new study, drawing on the latest research, tells the story of the decline and fall of the pharaoh Akhenaten's religious revolution in the fourteenth century The book then outlines the events of the subsequent five decades that saw the extinction of the royal line, an attempt to place a foreigner on Egypt's throne, and the accession of three army officers in turn. Among its conclusions are that the mother of Tutankhamun was none other than Nefertiti, and that the queen was joint-pharaoh in turn with both her husband Akhenaten and her son. As such, she was herself instrumental in beginning the return to orthodoxy, undoing her erstwhile husband's life-work before her own mysterious disappearance.
