Before She Ignites by Jodi Meadows “A fully realized fantasy world complete with dragons, treachery, and flawed characters discovering their courage. I couldn’t put it down!” —C. J. Redwine, New York Times bestselling author of *The Shadow Queen* From the New York Times bestselling co-author of *My Plain Jane* comes a smoldering new fantasy trilogy perfect for fans of Victoria Aveyard and Kristin Cashore about a girl condemned for defending dragons and the inner fire that may be her only chance of escape. Mira has always been a symbol of hope for the Fallen Isles, perfect and beautiful—or at least that’s how she’s forced to appear. But when she uncovers a dangerous secret, Mira is betrayed by those closest to her and sentenced to the deadliest prison in the Fallen Isles. Except Mira is over being a pawn. Fighting to survive against outer threats and inner demons of mental illness, Mira must find her inner fire and the scorching truth about her own endangered magic—before her very world collapses. And that’s all before she ignites.
