Cuddly Amigurumi Toys: 15 New Crochet Projects by Lilleliis by Mari-Liis Lille Following the international success of Magical Amigurumi Toys, designer Lilleliis has dreamt up 15 brand-new animal toys. In her new book Cuddly Amigurumi Toys she once again combines Japanese amigurumi techniques with the teddy bear tradition loved so much throughout Europe and her home country of Estonia to create cuddly companions for babies, toddlers, and school children. Simon the Horse and Lars the Little Dragon will gladly accompany little ones on their outings, and Klaus the Rabbit will come along too. In the meanwhile, Theodore the Teddy Bear and Mia the cow will be patiently waiting at home for their return. And there are many more soft animals to spark a lot of love and fun. With a couple of simple stitches and colorful yarn, you can start imagining your very own cuddly toys, inspired by and made for the little adventurers in our lives.
