God of War - The Official Novelization by J. M. Barlog, Cory Barlog The novelization of the highly anticipated God of War game. His vengeance against the Gods of Olympus years behind him, Kratos now lives as a man in the realm of Norse gods and monsters. It is in this harsh, unforgiving world that he must fight to survive... and teach his son to do the same. This startling reimagining of God of War deconstructs the core elements that defined the series-- satisfying combat; breathtaking scale; and a powerful narrative--and fuses them anew.
