Lennon Reborn: A steamy, emotional rockstar romance by Scarlett Cole From the queen of heart-pounding, sexy, emotional romance Scarlett Cole comes Lennon Reborn, a stunning, shattering rock star romance in the Preload series. Lennon McCartney is not a broken man. Because being broken implies being whole once. When a horrific accident deprives him of the one thing he loves—his talent as a fierce and explosive drummer—Lennon is left with a life chained by an abusive mother, by crushing guilt over a tragic past. A life he doesn't want. Dr. Georgia Starr is a legend. She's one of the most successful neurosurgeons in the world, coming from a long-line of respected New York doctors. Her life is built around solving complex medical cases in order to bring relief and hope to sick children. But the one problem she can't solve is how to live her life. How to be shake loose the burden of being her elitist, arrogant father's daughter. How to be free. Can a man who despises his life and a woman who desperately needs to live find the answers, and love, with each other?
