From the sigils of chaos magic to the numerical code of Qabalah, all magical practices operate in a web of symbols and language. Yet academics seldom examine the role that semiotics and linguistics play in the unfolding of magical works. In the follow-up to his debut *Postmodern Magic*, Patrick Dunn returns once again to the theoretical realm of the sign, the signified, and the changeable perceptions of a slippery reality. Intellectual and aggressively modern, his language-driven perspective on magic touches on all elements voiced and written, from speaking in tongues and creating mantras to composing Enochian spells and working with gematria.
