Fighting for redemption . . . I've lived most of my life in darkness, beneath the shadows of secrets and addictions. The last thing I ever wanted to do was hurt the only girl I'd ever loved—the one who brought me into the light. In my entire life I'd made one promise—a promise I'd intended to keep. I've broken that promise and now I have to live with the fallout. Dixie Lark hates me, and I have to tell her that I love her. I also have to tell her a truth that might destroy us forever. Can she love me, even if she can't forgive me? Learning to move on . . . Gavin Garrison broke his promise to my brother and he broke my heart in the process. I may never love anyone the way I've loved him, but at least I won't spend my life wondering "what if." We had our one night and he walked away. I'm beginning to move on, but my brother's wedding and a battle of the bands are about to throw us together again. Our band is getting a second chance, but I don't know if I can give him one. How do you hand your heart back to the person who set it on fire once already?
