The samples provided in the reference image should allow you to visually compare and contrast the different styles of script. the Copperplate style of script is a very popular form of pointed pen calligraphy. **Watch this quick demo of pointed pen Copperplate. Notice ...**

Watch this quick demo of pointed pen Copperplate. Notice, Hamid is lettering this without letting his hand touch the paper (or it will smudge). He is working at a very large size, as well. By exerting pressure on the flexible nib, he gets thick lines, by releasing, and barely touching the paper, he gets extremely thin "hairlines." This takes a great deal of control. **The Technique of Copperplate Calligraphy: A Manual and ...**
