Wired Dark by Toby Neal From USA Today bestselling author Toby Neal, whose work Kirkus calls, “masterful,” comes the fourth Sophie Ang adventure mystery! Paradise can’t contain a thirst for revenge. Tech security specialist Sophie Ang returns to Maui, working alongside dynamic partner Jake Dunn to solve a series of bizarre and escalating threats against a rocker with a beach mansion. But soon, catching a crazed stalker becomes the least of Sophie’s problems: a deadly enemy is hell-bent to take her down along with anyone she cares about. Sophie’s very identity is tested as she grapples with issues of conscience and survival in a struggle that takes her to the edge of heartbreak, and beyond. “Toby Neal writes immersive, wonderfully crafted, character driven books that are almost impossible to put down.” -Emily Kimelman, author of the Sydney Rye Series. "Toby Neal has created a wonderfully rounded action heroine with everything: looks, brains, mixed martial arts prowess, and the ability to swear proficiently in Thai and English. Fans of the genre will love FBI agent Sophie Ang, as well as the tangled web she must negotiate in the tropical setting of Hawaii." Russell Blake, NYT and USA Today Bestselling Author
